Concept: *The Aria Hotel Budapest: A Paradise for Music Lovers*

The Aria Hotel Budapest's musical concept gives travelers an extraordinary experience of Hungarian and world musical heritage. Architect Zsolt Szécsi and master interior designer Zoltán Varró transformed a 19th Century bank building into a limestone-clad intimate luxury hotel with the atmosphere of a private home, a distinctive musical theme, and a to-die-for rooftop.

Each of the four wings (comprised of 49 guest rooms and suites) celebrates a different major music genre: Classical, Opera, Contemporary and Jazz music through decor, art and sound. Each room and suite is designed and decorated to honor a specific famous composer or artist. Irving Berlin, Count Basie, Bob Dylan, James Brown and Béla Bartók are just a few of the music legends who are honored at the Aria Hotel Budapest. Joseph Blecha's caricatures of musical legends adorn every room and various places throughout the hotel, greeting guests in and outside of the rooms.

Located in the historic city center on the Pest side of the Danube River, Aria Hotel is situated beside the famous St. Stephen's Basilica. The hotel is on a charming pedestrian plaza featuring high-end shops, restaurants, cafés, and musical entertainment, and within a five-minute walk of the renowned Chain Bridge, the elegant tree-lined Andrásy Avenue and the Budapest State Opera House. The city's fairytale-like Parliament and endless palaces surrounding Szabadság tér (or "Freedom Square") are also a short walk from the hotel.

The property's full service rooftop garden and High Note Skybar is one of Budapest's hottest nightspots with magical 360-degree views of the city. Satchmo's Bar and Library were named to memorialize the American jazz great Louis Armstrong. Satchmo's Bar also features a mirrored wall signed by many notable musicians who have visited the hotel since its opening. The hotel's unique music, entertainment, and spa concept works in concert with this majestic city to create an unparalleled experience for all travelers.

Vital Statistics:

Stories: Seven, including a beautifully landscaped year-round rooftop garden and panorama terraces.

Wings: Four, each with a separate elevator, celebrating four genres of music: Classical, Opera, Jazz and Contemporary.

Lobby: The glass enclosed Music Garden Courtyard has a tiled piano path and cozy sitting areas perfect for socializing. Its unique transparent glass enclosure is a striking design feature without any steel support and a first and only one of its kind in Europe. To honor the hotel's heritage, the lights above the Opera Wing staircase have been kept from the original building, paying tribute to the history of its transformation. The Music Garden courtyard serves as a social lounge, where guests are surrounded by music, entertainment, and dining options.

Accommodations: 48 luxury room configurations, including four suites. The majority of guestrooms offer private furnished open-air balconies, some of which overlook the glass enclosed Music Garden courtyard and others that overlook Hercegprímás Street.

Music Library: The Aria's Hotel Music Director is on hand to ensure that travelers get expert advice on current cultural and musical activities in the area. Aria Hotel guests also have access to a library of books, CDs, DVDs to enjoy privately in their room via iPads and 55" flat screen televisions elegantly presented within a marble fireplace-style mantelpiece, or in the Teatro Aria. All rooms are surrounded by double noise protection to allow guests the freedom to enjoy music.

Private Screening Room and Multi-Function Space:

Teatro Aria: A beautiful space adjacent to the Music Garden courtyard featuring daily evening and nighttime entertainment curated by Aria's Hotel's Music Director, Kornél Magyar. The space may also be transformed for intimate, memorable private events from private dining, additional cocktail party space, to fashion shows and recitals. Seats up to 40 people.

Restaurant and Bars:

- **Stradivari Restaurant** on ground floor (seats 40)
- **Satchmo's Bar and Library** on ground floor (seats 42)
- **High Note Sky Bar:** Perched atop the perimeter of the building, High Note SkyBar is the only year-round full service rooftop garden terrace in Budapest offering light bites, cocktails, sunbathing, and unparalleled views of the city. High Note Sky Bar is able to adapt to the elements, converting from an open-air rooftop garden terrace to two glass-enclosed pavilions protecting guests from intemperate weather. A dividing staircase leads guests further up to two private rooftop terraces, known as Panorama Terrace.

Harmony Spa:

Guests are pampered with treatments that include using Hungarian Széchenyi thermal mineral water (known for its healing anti-inflammatory properties) as well as Hungarian natural herbs, vitamin and grape seed extracts (known for their anti-aging, antioxidant properties). Signature treatments are set to music playlists customized to each guest's preferences.

Features a 35ft heated pool, Finnish sauna, infrared sauna, steam bath, Jacuzzi, Hydro Rider aquatic exercise bicycles, cabanas, a fitness center with cardio, and three private treatment rooms including one treatment room for couples.
